**Link :** <https://meet.google.com/kve-bwex-zyj>

Welcome Address by

**Er. Sat Pal Singh, FIE**  
Chairman  
Delhi State Centre-IEI

## Key-Note Speakers

**Shri R S Tyagi**  
Former Member  
Delhi Jal Board

Plastic pollution permeates every corner of the planet-even in our bodies in the form of micro plastics. World Environment Day 2025 calls for collective action to tackle plastic pollution. By drawing inspiration from nature and showcasing real-world solutions, the campaign will encourage individuals, organizations, industries, and governments to adopt sustainable practices that drive systemic change. This year's World Environment Day comes exactly two months before countries meet again to continue negotiating a global treaty to end plastic pollution. Join the Beat Plastic Pollution movement-because together we can create a healthier future.
